

Dear valued customers,

As the global effect of COVID-19 continues to evolve, Westminster Lift Truckid fully committed to the health and safety of our customers and employees. We are closely monitoring the situation, and complying with public health guidance.

To maintain the health and safety of our employees and customers, we have made the difficult decision to temporarily restrict all public access to our facilities starting March 18, 2020. We will still be available via phone, email, and fax. Should the nature of your business require an on site visit, please call our main line at (604) 580-2611 and our staff will be happy to provide you with further assistance and instructions.

The health and safety of our community of the utmost priority, and as such we have taken various steps to help flatten the curve and have reinforced our sanitization measures. Customers are no longer asked to sign paperwork, shake hands, or share pens with staff and we encourage this outside our workplace as well.

As new information becomes available, management is keeping our employees well informed so we can respond quickly and appropriately. While these circumstances continue to change and modify our operations, we thank you for your patience and understanding as well as your cooperation during this time. Rest assured that we stand together with our community in this exceptional situation.
